Power of a Laptop, Portability of a Tablet, Productivity in Your Hands

Your Technology Enriched Campus Awaits

The Surface Pro 4 is mobile, durable, supports online and offline capabilities, and is compatible with standard IT environments. Empower educators, faculty, and staff to achieve more when working with touch and Surface Pen in tablet mode, or fold out the Type Cover and integrated Kickstand when needing a laptop.

Integrate Technology into Teaching Activities

Windows 10 enables a powerful, personalized experience

Surface Pro runs Windows 10 and desktop software, including Word and Outlook, which your institution relies on. Windows 10 helps protect against modern security threats and tailors to your college's IT infrastructure.
